Trip Registration
“Travelers must register all out-of-state and foreign country business trips to ensure [insurance] coverage.” BFB-G-28: Travel Regulations
"All international travelers are required to register all University-related international travel..." PPM 300-32: International Travel

How to Register?
All airfare booked through the AggieTravel online tool will automatically be registered. For reservations made outside of AggieTravel, you must register your trip prior to departure here: UC Away - TRIP REGISTRATION [2]

Why Register?
Accurate information on your travel plans is needed to deliver the services and protections the travel insurance policy offers. Your registration information serves to verify eligibility to the insurance company if you submit a claim, use any benefit, or request travel assistance services. Registering travel will also help direct aid to travelers in the event of natural disaster or major political event in their travel destination.

How to update your emergency contact information?
Once you register your trip, within the email you receive there is a link to activate your Worldcue® TRAVELER account. Please login to your personal TRAVELER web site and go to “My Profile” to update your current emergency contact information.
